

Say Zu Zu to the Grocerman and hand him a nickel. He'll come back with the snappiest ginger snaps you ever put in your mouth. Spicy, crisp and always fresh.

DOUST THE PASTOR

Jewell City Church Gets Injunction Against Sanders.

Preacher Will Carry Fight Into Baptist Convention.

Jewell City, Kan., Aug. 21.—The case of L. L. Sanders, formerly pastor of the Baptist church here, has finally been settled by the ousting of the Rev. Mr. Sanders as pastor of the church. An injunction against his acting in that capacity was granted after a trial lasting two days.

A short time after the trial a Baptist council met to take up the case of the former pastor and it was decided to annul his certificate and expel him from the ministry. It was disclosed at the council that the preacher had been four times tried in criminal courts and at one time sentenced to a term of two years in the Texas penitentiary. The sentence was suspended during good behavior. The recommendation of the council was adopted by the members of the Jewell City church.

The council was composed of the following: J. E. Marshall, Barnard; the Rev. E. L. Wright, Barnard; the Rev. C. E. Hanes, Downs; C. D. Jones, Downs; the Rev. H. P. Blunt, Cawker City, president of the Jewell Association district; C. H. Coal, Cawker City; the Rev. William Little, Minneapolis; the Rev. J. T. Crawford, Parsons, state secretary of the Baptist convention, and the Rev. S. M. Brown.

editor of Word and Way, a Baptist paper.

Starts Fight in Convention.

The Rev. Mr. Sanders has vacated the parsonage here. While the church was closed, after being padlocked by the sheriff, Mr. Sanders held meetings in a tent here and at Randall. He claims to have organized a new church which meets at his house. His followers refuse to join with the first church and the division is acute. The fight has lasted more than six months and promises to continue.

The annual convention meets at the First Baptist church here August 30 and the deposed preacher is planning to carry the scrap into the convention. He has issued circulars to members of the Jewell Baptist association opposing the Rev. H. P. Blunt of Cawker City as president and has announced that he will furnish delegates with badges and free entertainment.

GREAT BEND GETS CITY PARK.

Retired Circus Man Donates Fifty Acres and Will Erect Buildings.

Great Bend, Kan., Aug. 23.—Charles Andrews, a retired circus man, has made arrangements with the city of Great Bend, whereby he will give to the city fifty acres of land adjoining the corporation limits, which will be converted into a city park.

Buildings will be erected by the donor, which will include quarters for the county fair association, making the entire gift from \$30,000 to \$40,000 in value.

RETAIN OLD OFFICERS.

Democrat Committee of Clay County Enlists Services of Women.

Clay Center, Kan., Aug. 22.—All officers of the Clay county Democratic central committee were re-elected here

by the committee. William Faulconer is president. Samuel Maxwell is secretary and Hugh McClurkin, treasurer. An absolutely new feature of the meeting was the appointment of a committee of women to work in conjunction with the central committee in getting women interested in the Democratic cause in the coming campaign.

TRIPLETS VISIT TRIPLETS.

William, Jennings and Bryan Taylor Entertained by Great Bend Trio.

Great Bend, Kan., Aug. 23.—The Meyers triplets, Allen, Alfred and Albert, entertained the Taylor triplets, William, Jennings and Bryan, who are traveling with the Barnum & Bailey circus. The six boys are about the same age and enjoyed a fine visit together.

The Meyers triplets who heretofore have never experienced that feeling of mistaken identity, being able to distinguish one another, were given their first lesson that evening while entertaining the Taylor triplets and during the whole time were unable to tell whether they were talking to William, Jennings or Bryan. The Taylor triplets experienced the same difficulty and gave up in despair contenting themselves with talking collectively.

TURN WHEAT INTO MUTTON.

Farmer Will Make Money on Poor Field by Raising Sheep.

Sterling, Kan., Aug. 23.—W. C. Snyder, of near Sterling, had a field of wheat this summer which he didn't harvest. It didn't appear good enough. Now he expects to get 100 cents on the dollar out of that wheat by converting it into mutton.

He will feed 20,000 lambs this season, turn them into this unharvested wheat and letting them clean it up. He is getting the first of the lambs now, and by the middle of October expects to have 20,000 of them on his place. He shipped in 700 head of good Arizona lambs yesterday.

Snyder is the owner of 1,400 acres of farm lands in Rice county, where the lambs will be fed. They will weigh about sixty pounds when received and will cost a little more than \$8 per cwt.

DRAWN FROM BIG TERRITORY.

Annual Southwest Fair Will Be Held at Liberal September 12-15.

Liberal, Kan., Aug. 23.—The fifth annual Southwest Fair will be held here September 12 to 15. This event has always drawn a large crowd as it covers a large territory, including part of Oklahoma. The association has been in existence for a number of years.

The Santa Fe road is eighty miles north of Liberal and the nearest road on the south is at Forgan, Okla., thirty miles away. This large area makes a big volume of business. The Southwest Fair is one of the largest in this part of the state.

PLAGUE VICTIMS ARE BETTER.

Two Kansas Children Stricken With Paralysis Will Recover Soon.

Plainville, Kan., Aug. 23.—Little Roy Martin who was sick of infantile paralysis is getting about over it and the quarantine will be raised in a few days. It is thought he will be lame very little, if any at all. He is able to run around and play.

The little Seward girl over in Trego county who was getting better. Dr. Barber says no new cases have appeared although he has had a dozen or so calls from parties who thought they had it.

SHE HAD A HUNCH

Topeka Woman Abandons Her Vacation Suddenly.

Rushes Home Only to Find "Other Woman" There.

CHASED HER DOWN STREET

Then Returned and Gave Real Ultimatum to Hubby.

Finally She Gathered Up Her Valuables and Departed.

"Hunches" are popularly supposed to belong exclusively to newspaper offices and gamblers—stock gamblers and ordinary card sharks. But that theory was blown into atoms when a Topeka married woman spending a vacation in a far-away pleasure resort received a hunch and played it for all it was worth.

Four days after she settled down among the other excursion ticket settlers the hunch came. It may have been superinduced by her personal suspicions but when it came it caused a disturbance in the cardiac region. Her hunch was to the effect that her hubby, supposed to be plugging away at his job in Topeka, was not conducting himself as a true husband should.

The longer she entertained the hunch the more she thought of it. It began to take up all her time and to the elimination of meals and sleep. There was only one solution when the hunch first came but she delayed it. She was to pack her grips and take the first train home.

Taking a firm grip on the hunch and her suit case she sped back to Topeka, completely overlooking the fact that she was wasting a lot of vacation her ticket called for. The greater she came the more she was convinced she became that things were not right. That feeling grew as she boarded the street car and she left it to walk the few rods to her home on the west side.

Sure of Her Ground.

At the door the hunch was the whole thing. She was so sure of her ground that she slammed the grip thru the screen, flung herself into the room and made straight for a bedroom. It was broad daylight and time for all self-respecting persons to be up and about. But her hunch was with her and it was working.

A strange woman was peacefully slumbering, dressed in a costume calculated only for dim light. The wife with the hunch caught that strange woman by the perfectly puffed hair and dragged her into the room. She was not a woman to be taken for a running start, but only a chance. When the strange woman reached the front door she was close behind—close enough to land a small foot where it would add to the strange woman's speed. The race did not stop the first year of marriage. The wife took a few steps towards the street car line for half a block.

His Smile Vanished.

Then the wife with a hunch returned and calmly awaited the return of her husband from his day's labors. When he came he wore the kind of a smile his wife had never seen before. The instant he crossed the threshold and caught sight of the wife he supposed was enjoying fresh air and rural scenery, the smile vanished. It gave place to a life-sized imitation of fright. For an instant his face registered surprise, then anger, then fear. The fear stuck; and not without reason.

The wife took a commanding position and in a few crisp words told the husband where to get off. He "Got."

Then the wife gathered up what money she could find, put it with her vacation funds and left. She's still gone.

MANY DIE IN WATER

Thirty-Six Drownings in Kansas During Month of July.

Records for drowning in Kansas streams were broken in the reports from vital statistics correspondents for July. The report as compiled by W. J. V. Deacon, statistician in the offices of the state board of control, shows thirty-six deaths by drowning during July. It is a new record for the state.

A half dozen persons drowned in Shawnee county streams and lakes during July. Other counties reported an unusual number of drownings. In almost every instance the person drowned was swimming.

BOOZE IS HEAT ALLY

Combination Cause of 96 Per Cent of Prostrations in Chicago.

Chicago, Aug. 23.—That 96 per cent of the cases of heat prostration are due to the use of alcohol is the conclusion of physicians at the county hospital here who have been making a study of the problem this summer. Dr. Karl Meyer, medical warden of the hospital and Dr. Harry Gauss, head their report on the study of 155 cases cared for during the recent hot spell. "A case of heat prostration without an alcohol breath seems a rarity," said Doctor Meyer today.

DON'T LET SOAP SPOIL YOUR HAIR

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious to the scalp and makes the hair brittle.

25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL

August 23, 1891.

W. W. Admire returned today from Oklahoma with his little daughter Pearl who has been visiting her uncle, J. V. Admire, at Kingfisher, Okla.

The Rev. Charles M. Sheldon preached a sermon Sunday at the First Congregational church, "Statesmanship," which aroused a great deal of comment, mostly favorable. He said: "Statesmanship does not consist in beating the other fellow. That is politics. Statesmanship is fighting the evil as it is, and treating it as it is. If a man has subscribed to some party for a great many years and then seeing the inconsistency and hypocrisy of it breaks away from the press howls treason."

Mrs. F. R. Baker will give a dinner to 500 persons tonight at her home, 1000 Quincy street.

Charles Curtis has gone to Chicago.

James R. Miller and wife will return today from Larney.

The Rev. C. M. Sheldon and C. N. Merriam leave tomorrow for Alma.

President W. A. Quayle of Baker University is in the city.

Mr. and Mrs. P. I. Bonebrake are back from a two weeks' visit in Colorado.

Chas. S. Elliott, secretary of the board of railroad commissioners, returned today from Colorado accompanied by his mother and sister.

The Alliance now turns up its nose at the idea that it does not involve at least \$100,000,000.

THAT SPEEDY FARMER

City Motorcycle Cop Can't Keep Up With Shawnee Ruralist.

Bert Miller, one of the motorcycle policemen, is satisfied that he is not slow; that he can make as good time as the average, but somewhere around Topeka there is a farmer boy rider who out Miller to shame.

Miller was standing beside his motorcycle, in the street, in North Topeka when the farmer boy went past like a streak. Miller started after him. They made the limit all north through the town. Then the farmer boy headed for the Central avenue road. Miller followed. Men were working on the roads and had about a block covered with crushed rock.

The farmer boy took three crushed rock at fifty-five or sixty miles an hour and went through. Miller took it on the back of his machine and crashed rock. When he got to his feet the farmer boy was going over a distant hill and there was still a string of dust leading all the way to him.

HOLD SECOND INDIAN FAIR

Big Celebration and Farm Exhibition on Pottawatomie Reservation.

Mayetta, Kan., Aug. 23.—The second annual Indian fair and farm exhibition will be held on the reservation two and one-half miles west of Mayetta September 7, 8 and 9. The feature of the fair is the state and state fairs will be in evidence besides a number of strictly Indian events that are not on the program of an ordinary fair.

The exhibition of Indian farm products, handicraft and stock at the first fair last year was said by officials from the agricultural college to be one of the finest they had ever seen, and the exhibit this year will be up to the standard of the first one. Refreshments will be served at stands on the fair grounds and there will be vaudeville shows, moving pictures, merry-go-round and other attractions. A large number of people from Topeka will attend the fair.

The most interesting events for the visitors are the Indian games of lacrosse by both men and women, foot races, stake races, hurdle races and broncho riding. Baseball games and wrestling matches also are on the program.

CROSS RIVER ON INTERURBAN.

Lawrence People Use Kaw Valley Line Like Street Car System.

Lawrence, Kan., Aug. 23.—The Kaw Valley interurban line has begun the local service between North and South Lawrence agreed upon between President Klemm of the interurban and the city commissioners at the time the interurban franchise was granted.

The service will continue until the local company begins the operation of cars to North Lawrence, and the fare will be the same as for a car ride in any other part of town, 5 cents. No transfer will be given between the local and interurban lines until the latter company has formally accepted the franchise agreed upon.

GIRL MISSING; HOLD A MAN.

Salesman Arrested in Connection With Student's Disappearance.

UPLIFT FOR JEWS

Russia Planning to Give Them Absolute Freedom.

Bill Will Be Placed Before Duma in November.

Petrograd, Aug. 23.—A bill to abolish the Pale and give to the Jews the same rights as other Russian subjects will be introduced in the imperial duma here when that body convenes in November.

Prof. Paul Millukov, leader of the cadets, so informed the United Press today, following his return from a visit to England, France and Italy with other members of the Russian house. "This bill has the support of the progressive party in the duma, therefore of the majority," said Millukov. "It will contain three essential parts. The first has for its object the removal of the Pale (within which the Jews in Russia, with a few exceptions, have had to make their home), thus enabling them to live wherever they choose. The second will remove some of the educational limitations placed on the Jews, and the third will make it possible for him to choose any profession or trade he cares to."

The bill to remove the limitations placed on Jews will not pass, however, without considerable opposition. The opponents say that the Jews would soon have the peasants at their mercy because they are keener business men. Particularly do Russian leaders resent outside interference in settling the Jewish problem. Count Kokovsov, ex-prime minister and minister of finance, expressed this attitude to me in this manner:

"In the United States you force southern people to pay taxes which you use in huge sums to pay pensions to northern people exclusively. But you wouldn't like it if we refused to have any dealings with you until you treated southerners just as you treat northerners."

Professor Millukov, quoted in the above dispatch is a lecturer on history at the Moscow university, the

WHEN WAR ORDERS FAIL

No Employment for Montevideo and Destitution Follows.

Montevideo, Aug. 23.—Lack of war orders for frozen meats has caused the closing of frigorifico Uruguayo, or Uruguayan Meat Freezing plant in the district of Cerro, and the consequent throwing of 2,000 men out of employment.

Unemployment is rapidly reaching a critical stage in the district, as the number of unemployed has doubled several times by the closing of allied industries. More men are being thrown out of work daily. Much suffering has resulted.

Stock farmers in the interior have also suffered big slumps in the prices paid for their produce. The belligerents in Europe do not want any more of these meats right now and there are no ships for the plant's production to be shipped elsewhere in.

TO RECRUIT 2,000 MEN

Sixty National Guard Stations Will Be Opened in Missouri.

Neveda, Mo., Aug. 23.—In an effort to recruit the national guard of Missouri to full strength of one hundred men to the company, twelve officers of the Missouri brigade have been detailed to open recruiting stations and substations in sixty Missouri cities and towns. St. Joseph, St. Louis and Kansas City each will have two stations and Trenton, Springfield, Webb City, Sikeston, Nevada and Boonville will each have one station.

There are fifty two substations, which the recruiting officers will be required to visit at least once a month. The officers will be opened immediately. The recruiting of all the Missouri units to full strength will add approximately two thousand men to General Clark's command and bring the total up to approximately seven thousand.

A Brick House

is more beautiful—more substantial—needs less repairs—much nearer fireproof—costs little if any more than a frame building. The sensible, economical thing to do is build with brick. Come in and talk with us about it.

We carry in stock and can make prompt deliveries of building brick, hollow building tile, face brick, mortar colors, wall tiles, mantel brick, fire lining, fire brick, fire clay, sewer tile, drain tile and wall coping.
